## MAD RIVER FISHING

Ohio's oldest trout stream is the Mad River. Stocking of this river began in the late 1800s with the introduction of brook trout. Then in 1884, rainbow trout were introduced to the stream; and in 1931, ODNR switched to stocking brown trout in the stream. Today the stream is stocked annually with 6"-8" brown trout to supplement the population. Fly fishing is good on the Mad River, as there are good hatches of mayflies, caddis flies, and other popular trout foods throughout the spring, summer, and fall months.

## LOCAL SPRINGFIELD FAVORITES

One of the best things about traveling is experiencing local cuisine. Greater Springfield offers “foodies” an impressive array of options from seasonal menus and French bistro-style, to great steaks and some of the best pizza in Ohio.

No trip to Springfield is complete without lunch at Mike & Rosy’s deli, and you’ll never forgive yourself if you don’t grab a glazed donut at Schuler’s Bakery downtown!
